

## **The Ultimate Audio Experience with the New SRS Virtual-Surround-Sound Gaming Headset from Plantronics**

*Game On! with the Plantronics .Audio™ 770*

Plantronics, Inc launches its first ever SRS Virtual-Surround-Sound gaming headset, the .Audio™ 770. A USB adapter powers the SRS Virtual-Surround-Sound and the headset features an open-ear design, allowing gamers to coordinate tactics with team-mates at LAN parties.

### **.Audio™ 770 – engineered for the game!**

The .Audio™ 770 is engineered specifically for gamers: lightweight with an adjustable headband and comfortable ear cushions, it can be worn for long sessions. The virtual surround sound technology gives complete in game immersion whilst delivering maximum bass response through 40 mm speakers. The big ear cushions are super-comfortable and the open ear design enables easy conversations with team-mates at LAN parties.

Additionally, the .Audio™ 770 features Inline controls, a noise-cancelling microphone for improved speech recognition and greater accuracy, and a QuickAdjust™ microphone boom ensuring perfect positioning. The microphone can be stowed out of the way for watching movies and listening to music.

The .Audio™ 770 is priced at £59.99 and is available now.

### **About Plantronics**

In 1969, a Plantronics headset carried the historic first words from the moon: “That’s one small step for man, one giant leap for mankind.” Since then,

Plantronics has become the headset of choice for mission-critical applications such as air traffic control, emergency dispatch, and the New York Stock Exchange. Today, this history of Sound Innovation™ is the basis for every product we build for the office, contact centre, personal mobile, entertainment and residential markets. The Plantronics family of brands includes Plantronics, Altec Lansing, Clarity, and Volume Logic. For more information, go to [www.plantronics.com](http://www.plantronics.com).
